## **DETAILED ACTION**

### ***Response to Amendment***

The Amendment filed on 06/21/04, has been entered and acknowledged by the Examiner.

Cancellation of claims 1-21 has been entered.

Claims 32-44 have been added.

### ***Allowable Subject Matter***

Claims 22-44 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 22, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 22, and specifically comprising the limitation of the second insulating layer laminated on the first insulating layer that contains the metal oxide particles. Applicant teaches that the second layer makes it possible to steadily adhere the metal oxide particles to the substrate and prevents the particles from dropping out of the first insulating material film.

Regarding claims 23-44, claims 23-44 are allowable for the reasons given in claim 22 because of their dependency status from claim 22.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
